

Mia

2-dice bluffing quick reference

- Rolls are read high die first: 6 and 4 = 64.
- Ranking: 21/Mia, then doubles 66 down to 11, then normal rolls 65 down to 31.
- Announce a higher roll than the previous player, truthfully or by bluffing.
- Challenge: if the announcement was false, roller loses a life; if true, challenger loses a life.
- Each player starts with 3 lives. Last player with lives wins.
